## Who and What Are We?

Is there such a person as a Canadian? The Government of Canada says there is not. According to the official records there is not one Canadian among the eight or nine million inhabitants of this Dominion. Neither the Premier of Canada, nor any one of the Premiers of the nine Provinces, is a Canadian. They may have been born in Canada, and their parents and grandparents before them, but that makes no difference—they are not Canadians. The Government of Canada says so, and has instructed its army of census officials to record the amazing fact.

Readers of the above may be skeptical of the truth of these assertions, but a little quiet inquiry and investigation on their part will soon establish the correctness of the statements made.

Commencing on June 1st the work of taking the decennial census of Canada was begun and enumerators began visiting the homes of the Dominion armed with official forms and pencil in hand asking questions of all and sundry as to their names, age, place of birth, nationality, etc. Coming to the question of nationality, a man or woman born in Canada, very naturally reply that they are Canadians. But Mr. Census-taker retorts that they are not. They may be anything else, but they most assuredly are not Canadians. When these patriotic sons or daughters of Canada insist they are Canadians, first, last and all the time, and nothing else, the faithful servant of the Government of Canada is forced to explain to them that there are no Canadians; the Government does not recognize them at all in the official tabulation of the nationality of the residents of the Dominion.

Mr. Census-taker will then ask: "Where was your father born?" "In Canada," comes the reply. "Where was your mother born?" Again the answer is, "In Canada." "Well, they are not Canadians either," is the dictum. And then Mr. Census-taker will explain that Canada is not a nation and, therefore, there can be no Canadian nationality. He may then ask: "Were your grandparents, or possibly your great-grandparents, Irish?" The ordinary Canadian resident may retort: "What has that got to do with it, Ireland is not a nation. It is even less a nation than Canada. Canada enjoys not only full self-government, but it is a member of the League of Nations on a basis of entire equality with all other nations, which Ireland is not."

The logical force of such an answer is, however, entirely lost upon the Government of Canada. Residents of this Dominion may be classified as Irish, or Scotch, or Welsh, or Hottentot, or Chinese, or Turks—anything almost but Canadian, even though it is necessary to go back prior to the days of Jacques Cartier to find out some remote ancestor born outside the boundaries of the Dominion in order to fix some nationality upon native-born Canadians.

This is not a far-fetched description, because the writer has personal knowledge of an instance where a Canadian-born citizen informed the census enumerator that he had no knowledge of any ancestors but those whose place of birth was Canada, and who was, therefore, recorded by the enumerator as "Nationality unknown."

Yet our politicians and statesmen boast of Canada as a nation. In rounded periods and with great eloquence they dwell upon this Dominion's place among the nations, and the prominent part it plays in the councils of the League of Nations. On all sides exhortations are heard of our duty to Canadianize our new settlers from "foreign" lands. The Canadianizing of all peoples within our bounds is urged as a foremost Canadian duty and responsibility. Yet when the children of these "New Canadians" proudly say: "I am a Canadian," the Government of Canada officially tells them they are mistaken; they are Germans, or Russians, or Poles, or Austrians, or Italians, but they are not Canadians and never can be, nor can their children or children's children ever be throughout the ages yet to come.

Pick up the official census returns for all past decades and see if you can find that there is a Canadian living in Canada.

Is it not high time that this obsolete, antiquated classification of by-gone years be discarded? Has the time not come when a person born in Canada has a right to be classified as a Canadian and not be compelled to accept official designation of some other nationality which he will never accept for himself personally?

What is the sense of preaching Canadianism and seeking to create and develop a Canadian national sentiment, Canadian art, Canadian literature, a true and lasting pride in Canada and Canadian institutions, if for all time the world is to be officially informed through the publications of the Canadian Government that such a person as a Canadian is non-existent, that this Dominion is still an infant colony of little or no importance inhabited for the time being by English, Scotch, Irish, Welsh, American, German, Austrian, Russian and other peoples?

Canada talking of having its own Minister at Washington, sitting in the councils of the League of Nations, taking its full part in the Great World War, and yet denying to its own native-born sons and daughters the right to the name Canadian presents an anomaly that should be removed. The Ottawa Government had better besit itself and place itself and the official records of this Dominion in line with real Canadian sentiment and aspirations.

## Mrs. Doyle Forced To Live Entirely On Bread And Milk She Declares

"I think it is enough to make anyone happy to enjoy the splendid health I do now," said Mrs. John Doyle, 123 John St., North, Hamilton, Ont.

"Last winter I had the 'flu' and, as I had been in a badly rundown condition for several years, it just seemed to wreck my whole system. All through the winter I was down in bed half the time and instead of getting better, I seemed to get worse. My stomach was so badly upset that I had to live entirely on bread and milk. If I ventured to eat anything else at all I would simply suffer agony."

"I would have terrible pains in my stomach and would bloat up so bad that I often felt as if I was suffocating."

My nerves were worn to a frazzle and I had frequent headaches. I went to bed tired, got up feeling tired and all through the day hardly had the strength to do a thing.

"But I'm so glad I tried Tanlac, because my suffering is all over now. I just feel splendid, eat whatever I wish and never have a touch of indigestion. My nerves are steady and I am free from headaches. I sleep perfectly sound and just feel so much stronger that the housework seems easier than ever. My daughter has taken Tanlac since it restored my health and it has helped her just like it did me. Tanlac has certainly been a blessing in our home."

Tanlac is sold by leading druggists everywhere.

## Could Not Sleep

Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes:

"For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by overwork. I had frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine relieved me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."

**Nation-wide Fame.**—There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Electric Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, lame back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

### Arctic Explorer Returns

Amundsen is Back After Winter With Icebound Steamer.

Captain Amundsen arrived at Nome, Alaska, recently. His ship, the Maud, which wintered at Cape Serge, Siberia, lost her propeller in the ice, and she is expected to reach Nome some time this summer for repairs. The explorer, noted for his discovery of the South Pole, and his many Arctic and Antarctic voyages, said he would continue his efforts next year to reach the North Pole by drifting with Arctic ice floes as soon as repairs to his vessel were completed. He spent the winter on board the Maud with one native and three white companions, and said the party experienced few vicissitudes. He reached Nome on the trading schooner Herman, which picked him up at East Cape, Siberia.

**Useful in Camp.**—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

## DISCOVERED TRUE REMEDY FOR SYSTEMATIC CATARRH

A bad case of Catarrh is not an easy thing to treat, and a remedy that makes good, deserves great credit. Catarrhzone certainly fixed up Chas. H. To build up my system, I used Ferrozone. This combination can't be beaten. They made me well." Your case may also be bad, but Catarrhzone will do for you what it did for Mr. Webb. ## ALMOST HELPLESS FROM ST. VITUS DANCE

The Muscles of the Hands, Face and Body Affected.

St. Vitus dance is a disease of the nerves brought on by a morbid condition of the blood. It is common with children, and attacks girls more frequently than boys. Irritability is frequently one of the first signs noted. The child frets, is quarrelsome and does not sleep well. The jerky movements that characterize the disease come a little later. The limbs and sometimes the whole body jerks spasmodically, and in severe cases the power of speech is affected. Such a child should not be allowed to study, but should be kept quiet, given a nutritious diet, remain out of doors as much as possible. Dr. Williams' Pink Pills will help the blood restore the shattered nerves. The value of these pills in cases of this kind is shown by the following statement from Mrs. Frank Reynolds, Windsor, N.S., who says: "When a young girl I suffered very severely from St. Vitus dance. I could not keep still for a moment. If I tried to handle dishes I broke them, and could not safely attempt to hold a thing in my hands. No matter what was done for me I could not control the twitching in my face and body. My parents gave me several remedies, but they did not help me. Then one day my father brought home a half dozen boxes of Dr. Williams' Pink Pills. After two boxes had been taken there was an improvement in my condition. By the time the last box was gone, to my own great joy and relief to our family, my condition was normal, and I have since enjoyed good health. I never lose an opportunity to say a good word for Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

I recommend it to others, and give you permission to publish this letter in your little books and in the newspapers as a testimonial."

## A Summer Frock Of Batiste

By Marie Belmont.

This charming dress is one that you could easily copy if you are at all gifted in the dressmaking line. The fabric from which it is evolved is a rose colored embroidered batiste which is extremely dainty. The bodice is cut on rather long-waisted lines that follow closely the lines of the figure. The skirt is unusually full and is finished with a scalloped hem. This is outlined with rose linen bands that are exceedingly fashionable. They are also used with equally good effect on the short sleeves and the neckline. A vestee of lace and a rose ribbon girdle complete this pleasing creation.

### Lake Stocked With Fish.

The Dominion Fisheries Branch report during the season just closed shows that upward of 268,000,000 young whitefish were liberated in the Great Lakes and the Lake of the Woods. A large proportion of the eggs are secured from the commercial catch of fish which, but for activities of the department, would be wasted. The Sarnia hatchery this season sent 12,825,000 whitefish eggs to British Columbia.

Quite a number of our citizens  
motored over to Rockyford on  
Monday to see the Baseball game  
between Rockyford and Carstairs.  
The game ended with a score of 8-  
4 in favor of Rockyford. There is  
to be another game to decide for  
the championship, but it has not  
been decided where the game will  
be played.

Mr Paulson was a Calgary visitor  
on Saturday.

Come and see Dorothy  
Dalton in "The Idol of the  
North"

Collette Brissac, daughter of a  
French-Canadian miner, who has  
been forced into the wilderness of  
the great Northwest because of  
having killed a man, is left without  
mother or father in a mining town  
built up over night on the strenght  
of a gold strike.

She is given a position in Auro-  
ra Borealis, the main Saloon and  
dance Hall of the town, and soon  
becomes one of the biggest draw-  
ing cards of the saloon. Colette  
fascinates "Lucky Folsom," so  
called because of being the most  
successful in the new strike, and  
he offers her everything if she will  
go with him to New York. Colette  
longs to go but finally refuses and  
Folsom goes alone.

In New York however, Folsom  
finds one to whom his gold is all  
sufficient, Gloria Waldron, long  
on ancestry and position but very  
short in cash. She lives with an  
adventuress who poses as her  
mother simply to satisfy the edicts  
of propriety and who insists on an  
immediate settlement of a half mil-  
lion dollars, which is to be signed  
over to her. Gloria is really in love  
with Marlin Bates, a young engin-  
eer who is in financial trouble and  
is consequently now in the discard.  
He waddles up to the Totem City  
where the Aurora Borealis is located  
and rapidly becomes a worthless  
drunkard.

What are the three words in the  
English language that are most  
used?

"I don't know."

"Correct"

A Scotch minister met an old  
tinker who never came to the kirk.  
"Can ye say the Lord's prayer yet?"  
he asked, "after all my exhortations  
to ye?" Every mod tae his trade,"  
answered the tinker. "Can ye  
make a tin pail?"
